DAY-BY-DAY ITINERARY

Geneva - Lausanne - Montreux - GoldenPass Line - Gstaad - Simmental - Zurich

Expressions

Day one: Geneva to Lausanne

Begin your GoldenPass touring holiday by arriving into Geneva, either by air or via Paris by rail. Take an hour or so to explore the old town of this beautiful city and to see the Jet d'Eau erupting out of the waters of Lake Geneva. Then, board a train to Lausanne, where you will spend your first night. Perhaps spend the rest of your day or part of the next morning taking in the sight of the fine cathedral, the old town, and port area of Ouchy, home to the Olympic Museum, numerous restaurants, and a scenic waterside boulevard. If staying longer in the area, you can take boat trips on the lake, or rail journeys along the shore, both of which provide an excellent means of viewing the famous Chateau Chillon, jutting out from the rocks across the water's surface.

Day two: Lausanne to the Saanenland on the GoldenPass Line

In the late morning of your second day (around 11am), take the short train journey from Lausanne to Montreux, ready to board the GoldenPass Line around 45 minutes later. Choose from the panoramic coaches that allow exceptional views or the Belle Epoque classical carriages that provide an authentic Swiss experience. This train zig-zags up from the lake, passing the Chamby steam railway, and reaching higher ground at Les Avants, passing through the mountains, and into forested valleys. As you get closer to Gstaad, Schoenried, and the convergence of the five valleys, you will pass startling turquoise water and old wooden bridges in Montbovon, the idyllic Chateau d'Oex set against imposing mountainscapes, and numerous creaking glaciers. Finally, pass the delightful chic resort of Gstaad, before reaching Schoenried, at around 13:14, where you will spend the next three nights. A more detailed description of the route can be found on the "About the Train" section.

Days three and four: Saanenland

Spend the next two and a half days enjoying all that this beautiful area has to offer. Explore the Alpine meadows on foot, trail the hiking paths across the slopes, and seek out the hidden waterfalls and streams that vein the landscape. From Schoenried, you can enjoy all this, and more, in one sweeping glance. Visit the glacier at Les Diablerets, and take the cable car up to the Rellerli or the chairlift up to the Horneggli for a long, satisfying walk. In Gstaad, make the most of the menagerie of unique boutique shops and try out many of the gourmet restaurants, styled on the traditional Swiss chalets.

GoldenPass Line

Day five: Return via Zurich

On your fifth day, after three nights in Gstaad and Schoenried, re-board the GoldenPass Line for the short journey to Zweisimmen, the gateway from the Saanenland into the Bernese Oberland. From here, change trains and head north to Zurich for your return journey. Either catch a flight on the same day, or stay for an extra night in Zurich ready for a returning train the following day.

OPTIONAL

It is possible to add extra nights in Geneva, Lausanne, Montreux, Gstaad, Zurich, the Bernese Oberland, or Lucerne.

MAP OF GOLDENPASS LINE TOURING HOLIDAY

The map below illustrates the route outlined in this touring itinerary, with overnight stops and places of interest highlighted.

GENERAL INFORMATION

This rail holiday is one of several suggested rail holidays we can offer you exactly as it is but also with any alterations you might want including extra nights in one or more places or adding in extra places. All our tours can be extended so that you can include a longer stay in one mountain or lake resort too, perhaps at the end of the itinerary. Do call to discuss the options with our travel consultants.

The logo for Expressions, featuring the word "Expressions" in a white, elegant script font on a dark blue rectangular background.

OUR TOURS

Our rail tours are for individuals travelling on their own or in their own family group. You do not join a group and you are not escorted.

FLEXIBLE ARRANGEMENTS

Our arrangements are very flexible in that you choose to travel on any day you want, subject to availability of trains and hotels. As mentioned above, additional nights can be added at any point.

FLEX PASS INCLUDED

We include travel to and from your first and last hotel but also a Flex pass is included for the rest of the holiday, depending on its length. For example, on a long stay we would include an 8 day Flex pass. This gives you 8 non-consecutive but selected days of travel within a one-month period.

The pass gives you a choice that includes

- Unlimited travel by rail, road and waterway on your selected days of validity, including most panorama routes and public transport in 75 towns and cities
- Free admission to more than 490 museums on the selected days of validity
- Children under the age of 16 travel free of charge when accompanied by at least one parent holding the Swiss Family Card

If we have included a panoramic route in your holiday, we will automatically include any applicable supplements for that train.

TRAIN TIMES

We have planned our itineraries based on train times that work day by day at the time of planning which can be up to a year before you travel. Usually train times stay more or less the same every day, season by season. The times we have planned will be discussed with you at the time you enquire about the holiday and they are detailed to you in your written holiday quotation. It may be that the timetable changes between the planning of the itinerary and when you come to book but we can always adjust the itinerary to suit the actual train times and any requirements you have for particular times of travel.

FIRST OR SECOND CLASS

We will automatically include travel in second class but lots of our clients do upgrade to first class service. On Eurostar this is called Premier Standard for leisure travellers as it gives you an upgraded on-board service and more spacious seating but without paying for the fully-flexible business tickets. On the TGV trains from France to Switzerland, upgrading to first class gives you more spacious seating with increased legroom. Within Switzerland, first class gives you again more space and more comfortable seats, often with a quieter environment. The price of upgrading varies from route to route but is something that is not always proportionately a lot more on the price of the overall holiday, so well-worth considering.

LUGGAGE TRANSFER SERVICE

Swiss rail operates an efficient transfer service for your luggage. This works in a number of ways:

For travel to Switzerland by air, you can check-in your baggage with any airline, from any airport in the world and it will be forwarded to our destination station in Switzerland from Zurich, Bern or Geneva airports. Simply collect your baggage from the station at your destination.

For departure from Switzerland if flying with Swiss, you can check-in for your flight at the train station the day before you fly (major stations only). You receive your boarding pass and your seat allocation and your baggage will be transported onto the aircraft.

For departure from Switzerland with other airlines eg British Airways or Easyjet, you can have your baggage transported to the airport train station ie Zurich or Geneva and you collect it from there to take it to check-in as usual. Just allow enough time for the luggage to reach the airport station, so well before you travel. Your station will be able to advise a day or two beforehand.

Within Switzerland you can transfer your luggage from one location to another. The Fast Baggage service is available between 45 destinations. You just have to check-in your luggage before 9am at your departure station and collect it by 6pm on the same day at your destination (or sometimes the following day, depending on the actual destination). The cost of this service is approximately £17 per item.

TRANSFERS

Transfers in Paris between stations and from the station to each hotel are not automatically included in the price of the holiday. In Paris most clients choose to take a taxi between the stations rather than go on the Metro but we can arrange a private car with driver to take you in between. This is quite useful if you are a family group that can't fit into one Paris taxi. In Switzerland, depending on the location, hotels sometimes have their own transfer vehicles that they will send to collect you if we advise them in advance (eg in St Moritz and Zermatt this is usual) but elsewhere some hotels are within walking distance and others are a short taxi ride away.

OUR PRICES

The sample prices mentioned in this leaflet are generally a 'from' price based on the cheapest season of travel. However, train fares and hotel rates can change (up and down depending on offers), so we give you an accurate price for your holiday when we provide you with a quotation. Our sample prices should be used as an indication of how much a particular combination will cost and to show the differences on average between the hotel categories on offer.
